myagedcare

Bloom Community Care is a Registered Home Aged Care Provider for Australian Citizens aged 65 years and over.

The Australian Government provides Home Care Packages to eligible Australians who need extra care services at home. They are designed for those with more complex care needs that go beyond what the Commonwealth Home Support Program (CHSP) can offer and aim to maximise independence and well-being.

Eligibility is determined through Aged Care Assessment Services (ACAS) and is not affected by your income, if you are receiving Centrelink payments or if you already have a carer.

If you are eligible and depending on the level of care needed you may be offered one of the following:

Package level	Level of care needs
Level 1	Basic care needs
Level 2	Low care needs
Level 3	Intermediate care needs
